Gary,

The log indicates the following pricing for the 80 bbl vacuum truck - based on the contract with the company:

Hour: \$60

Day: \$480

Week: \$3360

Month: \$13,440

Nicole:

Do you know what your rate was for the oil mop 80 vac truck that they were using out here? If you can give me an equipment list and rates for the equipment they used out here that would be wonderful.

Thanks
